

**A fun adventure of faith and friendship
among students and families with Catholic Values.**

BONDING is a program that gives students and families an opportunity to enrich their lives. Students between 10 and 15 years of age are eligible to participate in this cultural and educational experience.

Hosting a Guatemalan student in their homes for 8 weeks

Guatemalan students, who have been thoroughly selected and prepared, arrive in the US in mid October and return to their home in mid December (only for 8 weeks). They have all completed several years of education in English. All expenses, including air fare, ground transportation, full medical insurance, and spending money, are paid by each exchange student. While in the U.S., they attend all school and extracurricular activities of host student.

While hosting, the U.S. families continue with their busy everyday activities and share their values, customs and traditions with their guests. These valuable experiences enhance understanding and tolerance of our different cultures.

Please consider giving your family and school this wondrous opportunity to make new and lasting friendships through our Catholic faith. Your hospitality will make a significant difference in the world.

Please send an email or call us for further information.
